HARD-FOUGHT CONTESTS FAIL TO BRING OUT LARGE VOTE

Total Number of Votes Cast Will be Light From Present Evidences

TREND OF VOTING IN DOUBT

Impossible to Learn Much Information—Candidates for Local Offices Watching Things—North Charleroi Nominating Councilmen

None too heavy a vote is anticipated in Charleroi today in spite of the heated political contest for Republican nominations for important offices. At the first precinct at noon only about 100 ballots had been cast. Of this number the majority of course were Republican ballots and about one-third or perhaps less were Democratic.

The first precinct is a good medium through which to judge the total vote and at the present rate there will not be many over 150 or 175 ballots cast there. This means that in the entire borough there will probably be less than 1,000 votes. an especially small number.

It is impossible to learn the trend of any of the voting. There are friends of candidates at work of course, and for local offices candidates are seeing to it that their friends are not misguided. However, there is not the usual excitement manifest that characterizes generally a general election where important issues are at stake.

One thing noticeable is the lack of agressiveness of any of the Democratic supporters. This is due to the fact that there is scarcely any contest for nominations except in the commissioner fight.

North Charleroi today is putting its best foot forward. Four councilmen for four years, a councilmen for two years, a constable, two justices of the peace, an auditor and two school directors are to be nominated. The voting there is said to be on about the same plane as it is in Charleroi.

COMES HOME TO VOTE; TALKS SOME BASEBALL

Former Governor Tener Casts Ballot at Noon—Says Fred Clarke Has Done Lot for Baseball With Pittsburg Pirates.

Here to vote today former governor John K. Tener took a little time to discuss baseball matters, but let politics severely alone. This was due to the complexities of the county political fight. He voted at 1 o'clock.

Mr. Tener's discussion of baseball affairs was general. He took occasion to pay compliments to Fred Clarke of the Pittsburg Pirates, who is retiring from the managerial position. "Pittsburg never had anything in the way of baseball until Fred Clarke took hold," he remarked, "and he put Pittsburg right to the front. I don't know much of interest just now—it's pretty cold for baseball."

HALLOWEEN TO BE CELEBRATED THE FIRST OF NOVEMBER HERE

Committee Has Plans Under Contemplation For Event This Year to Follow Plan of Last.

The usual custom for the observance of Halloween will be followed in Charleroi according to the decision of the committee which usually has the annual celebration in charge. The celebration will probably be held on Monday, November 1, since October 31 observed at Halloween comes on Sunday.

No definite plans have been mapped out as yet. but it is expected that generally the plan of celebration last year will be followed this year. This would include a parade of decorated floats and costumed individuals.

TESTIMONY FILED IN DIVORCE CASES

Story of Troubles Told by Supposed Mismated Couples in County

ONE UNABLE TO FIND MAN

The testimony taken in several divorce actions, which will be disposed of during the present argument court, were filed Monday.

Edith Jane McCaudless testifies that she was married to James McCandless on November 11, 1912, at Cumberland, Md., it being a runaway match. After their marriage they lived in Pittsburg. She says her husband would not work and support her and for that reason they moved to her father's home at Monongahela. Her father secured for her husband several jobs, but he would not keep them, her father had to keep them both. Finally on February 21, 1913, he deserted her. Mrs. McCaudless is not of age and the action is brought through her father, Alfred M. Kibler.

Teodoska Zabyega an Austrian, tells a rather sad story. She was married to Andy Zabyega in Austria in 1907. About a year after their marriage her husband decided to seek work in America. He came here to Donora and continued to write to his wife for a time. She says they lived happily in Austria and she got letters from him for two years. Finally they ceased and after two years more of waiting she decided to come to America to find him. She came to Donora, found he had left there two years before, she advertised for him but has not been able to locate him.

Elizabeth R. Smaller in her divorce action against John Smaller, simply charges him with cruel and barbarous treatment. They never lived happily together from the day of their marriage. They were married September 15, 1913.

Harry R. Boyd of Donora, charges his wife Bertha with desertion. They were married at Wheeling, W. Va., on October 12, 1912 and lived there until May 20, 1913 on which date she left him.

Nathaniel Clark of Canonsburg, seeks separation on the grounds of desertion. He testifies that his wife, Margaret Clark deserted him in 1913. They were married December 25, 1897.

Edward Price of Washington, also seeks a divorce from Sarah Price on the grounds of desertion. He was married on October 27, 1897.

GOV. BRUMBAUGH'S TOUR ABOUT PLANNED

Roads to be Covered in Trip Next Week Now Being Inspected---Hotel Reservations Being Made in Advance

State highway department officials will inspect this week the roads to be covered by the governor's automobile tour which will leave Harrisburg, Monday, October 4. George H. Biles, second deputy state highway commissioner and W. R. D. Hall, statistician of the department will go over the route, the former for the purpose of road inspection and the latter to make hotel reservations for the governor and his guests.

When this personally conducted "seeing-Pennsylvania-first" tour is ended, more than 960 miles will have been covered by the hundreds or more persons invited by Governor Brumbaugh to accompany him on this tour.

A slight change has been made in the itinerary as originally laid out. Leaving Harrisburg on Monday, October 4, the tourists will spend that night in Bedford; Tuesday night in Pittsburg; Wednesday night in Altoona; Thursday night in Williamsport; Friday night in Pocono Summit, and the tour will end officially Saturday night, when city hall plaza in Philadelphia is reached. The visit to Charleroi will be made on the second day.

SENSATIONAL RACING ON THE ARDEN TRACK

Great Drivers Entered in the Washington Driving Park Events—Guy Woodward With Junebug Ford May Enter in the Free-For-All.

All the sensational and the real sport furnished in the races on the big speedways of the country are promised spectators of the speed contests to be held in Washington on the Arden track Saturday, October 2 especially in the free-for-all event of 25 miles. Promoters of the races, who, also, promise that the meeting will be the classic of the year in western Pennsylvania, announce that Arthur C. Smith of Pittsburg, will likely have two racing cars entered. One will be the 90-horse power Simplex with I. P. Fetterman at the wheel. The other will be a Mercedes of 120-horse power driven by C. E. Giddings. George Gardner and his famed "Beaver Bullet" that attracted attention from coast to coast two years ago when it finished seventh in the races at Indianapolis, is certain to be among the starters in the free-for-all.

There is little doubt but that C. W. Johnston of Uniontown, will be present with his Packard Greyhound. Another favorite the promoters will make an effort to have in the competition will be Guy Woodward of Charleroi, driving his June Bug Ford. T. C. O'Rorke and H. L. Robinson of Washington, will enter cars in the other three automobile events of the day and will drive the machines themselves. Entrants in these events from all over Western Pennsylvania are expected. The fastest time ever made on a halfmile track in Western Pennsylvania is expcted to result when Fetterman, Giddings, Johnston, Woodward, Gardner and others get together in the free-for-all. With a spread of 50 miles possible on the curves they will easily average better than a mile a minute for the 25 miles. Every make of motorcycles will likely be represented in the races for these machines. Washington dealers announcing that they will secure special machines and drivers from the factories. C. B. McAlister and T. C. O'Rorke of Washington, attended the races at Fairmont, Saturday, for the express purpose of arranging with drivers appearing there to come to Washington.

The young man is a brother of Finley C. Morgan. He enlisted in the United States Marine Corps at its St. Louis, Mo., recruiting station November 11, 1914 and already has had many experiences as a member of the organization.

IS RELEASED FROM WORKHOUSE AFTER SERVING THREE MONTHS

Thomas Johnston, serving a six months' term in the workhouse on a charge of vagrancy, has upon petition of his brother. John Johnston, been released by the court, as having been committeed there without jurisdiction. The defendant at a hearing before Justice E. E. Rice, Charleroi. was sentenced to pay the costs and serve six months in the workhouse. The prosecutrix was Mrs. Jane Planton, and the transcript set forth that Johnston had neglected and refused to support his four children. The charge named in the transcript was "vagrancy." He has already served three months in the workhouse.

MUCH ACTIVITY AMONG REPAIR MEN ALONG MONONGAHELA RIVER

PREPARING FOR USUAL STRIKE BY STOCKING UP WITH COAL

Industrial Concerns Making Preparations For Anticipated Suspension At Time of Scale Conference.

Work of preparation for the usual strike which comes at the time of the readjustment of the wage scale for the miners next April has been started. As a result the coal shipments are proving heavier than usually they would be. Concerns using coal are storing away a goodly stock that the operation of their plants will not be hampered in the spring. The railroads are actively preparing for any such contingency. At the time of the last scale conference a strike that lasted six weeks resulted.

BIG CIRCUS TO CONTAIN WONDERS

Barnum and Bailey to Present Wonderful Show Here Tomorrow

PARADE TO BE BIG FEATURE

The Barnum and Bailey circus will be here tomorrow, eager to prove that it proudly remains the world's mightiest amusement institution. Four long railroad trains will bring the picturesque invaders; through densely crowded streets the morning parade will measure its gay and glamorous passage; performances will be given afternoon and night. Midnight will witness the breaking of the great tented encampment and the departure to people and scenes anew in Butler.

"The Greatest Show on Earth" comes from Connellsville, where its exhibitions are being given today to delightful audiences which test the capacity of the biggest "white top" the enterprise has ever carried. In popularity and in patronage the Barnum and Bailey circus is this season making the best record of its long and illustrious history.

First to come to a puffing halt early tomorrow morning will be the "flying squadron," as the first section of the circus railroad equipment is known.

The miniature city of 27 separate tents will be installed, if nothing untoward intervenes, advance agents estimated today, long before noon.

The street parade is scheduled to move from the show grounds at 10 o'clock tomorrow morning, and Barnum & Bailey promise a stupendous grand and glorious inaugural of the bi-ennial festival they provide here. The arching, upcurved front of a splendid red and gold band chariot will first disclose itself. Stretching for blocks behind will come a sinuous, colorful mass in the parade.

But it is under the "big top" that this thousand-sided miracle of the

Five Hundred Empties Awaiting Repairs at Docks And Boat Yards

THIS ONLY A SMALL PART

Improvements Being Made at Several Locks—Lock No. 6 to be Completed Ready for Operation Early In Spring.

Much activity has been noticed within the last week at the different docks and boat yards on the Monongahela river. At present there are over 500 empties awaiting repairs. In time they will be taken to the different coal works and loaded for the southern markets. The low stage in the river and exceedingly fine weather since late spring has been taken advantage of by constructionists and repair men of the government on both the Ohio and Monongahela rivers.

At Lock No. 1 the new crane boat Monongahela with Jesse Virgin in charge has placed in position a much larger and more practical line of machinery which will greatly facilitate the operation of the wickets in the large steel gates. At this point the adjustable weirs are being made ready to be placed on the new concrete dam, which was finished in connection with the two new locks a little over a year ago. These weirs will suppiant the old fashioned splash boards which have had to be placed in position early every spring in order to increase the depth of water in the pool above. With the placing of the adjustible weirs the system will be practically the same from Brownsville to Pittsburg upon the completion of the new dam at Lock No. 4.

At Lock No. 2 a new turbine water wheel has been installed which supplants the steam power plant temporarily. It can be used in case of a break in other motive power. A new electric light plant and an improved gas engine has also been installed with satisfactory results.

At Lock No. 3 the U. S. Steamer Slackwater, Capt. James T. Nutt, in charge, has just completed some needed and practical repairs. One steel gate has been repaired and is as good as new. Other gates have been reinforced and replanked. The Slackwater is at present at Lock No. 4 helping out on an order for a large number of wickets consigned to the various adjustable dams now nearing completion on the Ohio river.

At Lock No. 4 the new lock put in commission a month ago is working good and work on the inner lock is progressing finely. A complete history of these improvements will appear shortly.

At Lock No. 6 much delay has been caused in receiving sand and gravel for concrete work. This matter has been overcome and this branch of the work is being carried on

TYPHOID VACCINATION.

An enormous increase [illegible] ber of persons [illegible] typhoid vaccination is reported by the U. S. Public Health Service. Not alone [illegible] this increase manifested among the beneficiaries of that organization and government employees, but the general public is also awakening to the value of the inoculation. Reports from physicians throughout the country indicate that many are receiving the preventive treatment and laboratory establishments have had a greatly increased demand for the vaccine. So great is the call among employees of the government that it has been necessary to issue a second edition of the Secretary of the Treasury's circular stating the localities where the treatment may be received. It is estimated that during 1914 oved 100,000 persons throughout the country were immunized and it is believed that in 1915 the number will exceed 200,000. In four counties of North Carolina, where campaignes are now being conducted, it is estimated that 20,000 people will be immunized.

The public is seldom slow to accept an innovation of worth. The reduction of the case rate in the army from 536 per 100,000 before the discovery of anti-typhoid vaccine to 3, since inoculation was made compulsory, has not passed unnoticed. During four months of 1898 there were over 2,000 cases of typhoid among 10,000 soldiers encamped in Florida; in 1911, among 20,000 men similiarly encamped, there were but 2 cases. If such a degree of immunity can be harmlessly conferred upon a body of men living under adverse conditions and whose age renders them susceptible, the conclusion is that protection can just as easily be afforded ordinary citizens.

Anti-typhoid vaccination is quite as simple as that for small pox and even children do not complain. There are no local effects other than a slight reddening at the site of the injection and sore arms are entirely lacking. In a small percentage of cases a mild systematic reaction, accompanied by headache and a slight rise in temperature, occurs, but if the treatment is given at night the person's rest is undisturbed and he is entirely unaware of these symptoms. In the majority of instances, however, there is not the slightest inconvenience. The immunity probably lasts for several years, although its duration is less than that of smallpox which [illegible] quently persists for a lifetime.

Dr. Samuel G. Dixon, state commissioner of health in his latest weekly health chat urges parents to not be prudish in bringing up their children. He advises that [illegible] things they ought to know [illegible] they ought to know [illegible] Dr. Dixon's words are words of [illegible] strikes the right chord.

WILLIAM HORNBAKE DIES IN CALIFORNIA BOROUGH

Cousin of Deputy Sheriff is Victim of Heart Trouble—Was Born in Coal Centre 37 Years Ago.

William Hornbake, son of the late William Hornbake, died at the home of his mother, Mrs. Anna Hornbake of Fourth Street, California Sunday evening. He had been suffering for a week with heart trouble.

Mr Hornbake was born in Coal Center 37 years ago and moved from that place to California 25 years later. Since that time he has made his home with his mother. For many years he had been a member of the Order of American Mechanics. He was a cousin of Deputy Sheriff George S. Hornbake.

Besides his mother he leaves one sister, Miss Martha Hornbake, at home, and one brother, Harry, of Charleroi.

The funeral was held from the late [illegible] Tuesday afternoon at 2 o'clock [illegible] the service were in charge of Rev. Arthur Hoon of the Christian [illegible] church, assisted by Professor G. G. Herzog. The interment was in [illegible] cemetery.

Facts as Facts Go, Regarding New Fashions

A wily [illegible] question at best, and one which takes on many phases during the short lifetime of a season. But certain fundamental things remain true to the end of the chapter. The basic points are settled upon, and as a stone cast into a pool sends the water eddying out into broad circles of varying beauty, these principles act as a signal for designers to reach out to their farthest point in creating lovely styles for milady of fashion.

It is of these primal things we can tell you, with that degree of authenticity which is so satisfying, because it comes

From the Style Supreme Store

In Millinery—size, shape and color are all important elements. Because of the wide diversity this season, every woman shall have a fashionable hat becoming to her face and figure.

Military and foreign influence is noticed, either in the shape of the hat, or its color.

Feathers, flowers and foliage are used for trimming. Glistening gold and silver spangles reflect the military tendency.

Colors—the "Castle red," hunter's green, corbeau blue, hussar red, Bordeaux, allies blue, taupe, tete de negre and many lovely shades of purple.

In coats the rule is high at the neck, wide at the skirt. Lines, fabrics and fur trimmings are the dominant notes.

As for suits—coats from a little more than hip-length, to Redingotes; skirts wide, but not exaggerated.

Dresses are especially interesting, in their original combinations of rich fabrics, such as broadcloth and serge, with silk and satin. Warm plaids, blending red with yellows, and gorgeous blues are a welcome note. The tendency is toward the long flowing line.

Blouses are high of neck, (or low, if desired), long of sleeve, with many plaids used in their making; skirts are in keeping with the style note in suits and dresses.

These things are of great importance, but our stocks offer a wonderful assortment of the styles, in all their entrancingly varied moods, which permits of every taste being met. A personal inspection is most desirable.

Number Two.

A JOINT RESOLUTION

Proposing an amendment to section eight of article nine of the Constitution of Pennsylvania.

Section 1. Be it resolved by the Senate and House of Representatives of the Commonwealth of Pennsylvania in General Assembly met, That the following is proposed as an amendment to the Constitution of the Commonwealth of Pennsylvania, in accordance with the provisions of the eighteenth article thereof:—

Amend section eight, article nine of the Constitution of the Commonwealth of Pennsylvania, which reads as follows:

"Section 8. The debt of any county, city, borough, township, school district, or other municipality or incorporated district, except as herein provided, shall never exceed seven per centum upon the assessed value of the taxable property therein, nor shall any such municipality or district incur any new debt, or increase its indebtedness to an amount exceeding two per centum upon such assessed valuation of property, without the assent of the electors thereof at a public election in such manner as shall be provided by law; but any city, the debt of which now exceeds seven per centum of such assessed valuation, may be authorized by law to increase the same three per centum, in the aggregate, at any one time, upon such valuation, except that any debt or debts hereinafter incurred by the city and county of Philadelphia for the construction and development of subways for transit purposes, or for the construction of wharves and docks, or the reclamation of land to be used in the construction of a system of wharves and docks, as public improvements, owned or to be owned by said city and county of Philadelphia, and which shall yield to the city and county of Philadelphia current net revenues in excess of the interest on said debt or debts, and the annual instalments necessary for the cancellation of said debt or debts, May be excluded in ascertaining the power of the city and county of Philadelphia to become otherwise indebted: Provided, That a sinking fund of their cancellation shall be established and maintained," so that it shall read as follows:—

Section 8. The debt of any county, city, borough, township, school district, or other municipality or incorporated district, except as herein provided, shall never exceed seven per centum upon the assessed value of the taxable property therein, nor shall any such municipality or district incur any new debt, or increase its indebtedness to an amount exceeding two per centum upon such assessed valuation of property, without the consent of the electors thereof at a public election in such manner as shall be provided by law, but any city, the debt of which on the first day of January, one thousand eight hundred and seventy-four, exceeded seven per centum of such assessed valuation, and has not since been reduced to less than such per centum, may be authorized by law to increase the same three per centum in the aggregate, at any one time, upon such valuation. The city of Philadelphia, upon the conditions hereinafter set forth, may increase its indebtedness to the extent of three per centum in excess of seven per centum upon such assessed valuation, for the specific purpose of providing for all or any of the following purposes,—to wit: For the construction and improvement of subways, tunnels, railways, elevated railways, and other transit facilities; for the construction and improvement of wharves and docks and for the reclamation of land to be used in the construction of wharves and docks, owned or to be owned by said city. Such increase, however, shall only be made with the assent of the electors thereof at a public election, to be held in such manner as shall be provided by law. In ascertaining the borrowing capacity of said city of Philadelphia, at any time, there shall be excluded from the calculation a credit, where the work resulting from any previous expenditure, for any one or more of the specific purposes hereinabove enumerated shall be yielding to said city an annual current net revenue; the amount of which credit shall be ascertained by capitalizing the annual net revenue during the year immediately preceding the time of such ascertainment. Such capitalization shall be accomplished by ascertaining the principal amount which would yield such annual current net revenue, at the average rate of interest, and sinking-fund charges payable upon the indebtedness incurred by said city for such purposes, up to the time of such ascertainment. The method of determining such amount, so to be excluded or allowed as a credit, may be prescribed by the General Assembly.

In incurring indebtedness, for any one, or more of said purposes of construction, improvement, or reclamation, the city of Philadelphia may issue its obligations maturing not later than fifty years from the date thereof, with provision for a sinking-fund sufficient to retire said obligation at maturity, the payments to such sinking-fund to be in equal or graded annual instalment. Such obligations may be in an amount sufficient to provide for and may include the amount of the interest and sinking-fund charges accruing and which may accrue thereon throughout the period of construction and until the expiration of one year after the completion of the work for which said indebtedness shall have been incurred; and said city shall not be required to levy a tax to pay said interest and sinking-fund charges, as required by section ten of article nine of the Constitution of Pennsylvania, until the expiration of said period of one year after the completion of such work.

A JOINT RESOLUTION

Proposing an amendment to section twenty-one of article three of the Constitution of Pennsylvania.

Section 1. Be it resolved by the Senate and House of Representatives of the Commonwealth of Pennsylvania in General Assembly met. That the following amendment to the Constitution of the Commonwealth of Pennsylvania be, and the same is hereby, proposed, in accordance with the eighteenth article thereof:—

Amend section twenty-one, article three of the Constitution of the Commonwealth of Pennsylvania, which reads as follows:

"No act of the General Assembly shall limit the amount to be recovered for injuries resulting in death, or for injuries to persons or property, and in case of death from such injuries, the right of action shall survive, and the General Assembly shall prescribe for whose benefit such action shall be prosecuted. No act shall prescribe any limitations of time within which suits may be brought against corporations for injuries to persons or property, or for other causes different from those fixed by general laws regulating actions against natural persons, and such acts now existing are avoided," so that it shall read as follows:

The General Assembly may enact laws requiring the payment by employers, or employers and employes jointly, or reasonable compensation for injuries to employes arising in the course of their employment, and for occupational diseases of employes, whether or not such injuries or diseases result in death, and regardless of fault of employer or employe, and fixing the basis of ascertainment of such compensation and the maximum and minimum limits thereof, and providing special or general remedies for the collection thereof; but in no other cases shall the General Assembly limit the amount to be recovered for injuries resulting in death, or for injuries to persons or property, and in case of death from such injuries, the right of action shall survive, and the General Assembly shall prescribe for whose benefit such actions shall be prosecuted. No act shall prescribe any limitations of time within which suits may be brought against corporations for injuries to persons or property, or for other causes, different from those fixed by general laws regulating actions against natural persons; and such acts now existing are avoided.

A JOINT RESOLUTION

Proposing an amendment to the Constitution of this Commonwealth in accordance with provisions of the eighteenth (XVIII) article thereof.

Section 1. Be it enacted by the Senate and House of Representatives of the Commonwealth of Pennsylvania in General Assembly met, and it is hereby enacted by the authority of the same, That the following is proposed as an amendment to the Constitution of the Commonwealth of Pennsylvania, in accordance with the provisions of the eighteenth (XVIII) article thereof.—

AMENDMENT.

Laws may be passed providing for a system of registering, transferring, insuring and guaranteeing land titles by the State, or by the counties thereof, and for settling and determining adverse or other claims to and interest in lands the titles to which are so registered, transferred, insured, and guaranteed; and for the creation and collection of indemnity funds; and for carrying the system and powers hereby provided for into effect by such existing courts as may be designated by the Legislature, and by the establishment of such new courts as may be deemed necessary. In matters arising in and under the operation of such system, judicial powers, with right of appeal, may be conferred by the Legislature upon county recorders and upon other officers by it designated. Such laws may provide for continuing the registering, transferring, insuring, and guaranteeing such titles after the first or original registration has been perfected by the court, and provision may be made for raising the necessary funds for expenses and salaries of officers, which shall be paid out of the treasury of the several counties.

UNION CITY VICTIM REGAINED HEALTH

Mr. Martinran Finds Good Health After Using Wonderful Remedy.

C. Martinran of 42 Graves street, Union City, Pa., after long suffering from ailments of the stomach and the digestive tract, took Mayr's Wonderful Remedy with the most remarkable results.

The suffering of years was ended with the first dose.

Mr. Martinran's experience is told in a letter—written a year after taking the remedy, thus proving the permanent nature of the benefits. He wrote:

"It has been a year since I took your treatment, which I am sure did me a great amount of good. My health at present is good, thanks to your wonderful remedy. I will always recommend it to my friends."

Mayr's Wonderful Remedy gives permanent results for stomach, liver and intestinal ailments. Eat as much and whatever you like. No more distress after eating, pressure of gas in the stomach and around the heart. Get one bottle of your druggist now and try it on an absolute guarantee—if not satisfactory money will be returned.

OUR BIG DAY

Everybody Came to See Us.

In response to recent notices wherein Professor Munyon guaranteed to refund the money in every instance where his remedies fail to give satisfaction, people with all sorts of ailments called for all sorts of his remedies. The big demand, however, seems to be for his Paw-Paw Laxative Pills. They're certainly giving satisfaction. One benefited person tells another of their curative qualities, and so the demand increases. Professor Munyon wants us to continue to impress upon every person who suffers with stomach or liver ailments and particularly all constipated people, to try Paw-Paw Laxative Pills. He says they correct indigestion and school the bowels to act every day in a natural way. If your complexion is bad, if you have dizzy spells, if you are bilious and if you have impure blood, get a bottle of these Pills, with the understanding that if you are not satisfied your money will be returned. No griping, no weakening effect, just a pleasant, natural movement every day. You get well almost unconsciously. Professor Munyon warns the public against the use of the old-fashioned cathartics, which scour and debilitate. If you have an ache or pain of any kind, you better come in and try one of Munyon's Remedies. Also don't forget that we are carrying his Witch Hazel Soap, the best toilet soap ever sold at 10 cents a cake.

Lime Treatment in Tuberculosis

In the May 25, 1912, issue of the Journal of the American Medical Association appeared this statement concerning calcium (lime) medication in the treatment of pulmonary tuberculosis (consumption):

"Under the systematic, continued and persistent regime of calcium assimilation, Van Gieson has seen a number of his patients improve, undergo an exudation or partial consolidation in the lung, which then resolving would appear to contribute to the walling off and closing of the lesions. Hand in hand with this course of events, the sputum clears up of tubercle bacilli, which finally disappear, and the patients are discharged with healed pulmonary tuberculosis."

Ethical medical journals seldom speak so positively about a remedial agent, yet this testimony coincides with that from many consumptives who have secured like results through the use of Eckman's Alterative.

Since calcium is a constituent of this remedy for pulmonary tuberculosis and allied throat and bronchial affections, its healing power may in some measure be attributed to the manner in which this element is so combined with other ingredients as to be easily assimilated by the average person and it does not irritate the stomach.

Eckman's Alterative contains no opiates, narcotics or habit-forming drugs, so it is safe to try. If your druggist is out of it, ask him to order, or send direct to
Eckman Laboratory, Philadelphia.

VALLEY ATHLETES TRYING OUT FOR COLLEGE PLACES

Stahlman From Charleroi and Others Of Note in This Vicinity Seem Well Qualified for Football Position With Big Teams

College and prep schools throughout the state are reaping a rich harvest in the way of athletes from the Monongahela valley this year.

Clif Carlson of Fayette City, "Cy" Stahlman of Charleroi and Pat Herron of Monessen are trying out for regular jobs on the University of Pittsburg varsity at the Winber camp a regular.

"Chuck" Manown of Monessen, who worked as substitute quarter last year for State college is after that position against this year. Brickley the Harvard star, has been tutoring him and has developed the valley boy into quite a punter and drop-kicker.

"Buck" Elliott of Fayette City has returned to Bucknell and is playing on the varsity there. Bob Albright of Monongahela is a candidate for a regular berth on the Grove City varsity.

Wickerham, Wilson, Abbott and Stathers of Monongahela are candidates for the East Liberty Academy eleven this year. Lloyd Yohe is trying hard for a place on the Mercersburg Academy team. This institution also will benefit by the services of Louis Hill, star miler and half miler of Monongahela.

Hornickle and Downer of Monongahela expect to try hard for regular places on the University School, Cleveland, Ohio, eleven. There is close competition in the greater number of colleges and prep schools this year and the local lads are finding that in order to win regular places on the various teams they must give their very best efforts.

MILDREDINA HAIR REMEDY
Grows Hair and We Can Prove
It by Hundreds of Testimonials

It never fails to produce the desired results. It enlivens and invigorates the hair glands and tissues of the scalp, resulting in a continuous and increasing growth of the hair. Letters of praise are continually coming in from nearly all parts of the country stating that Mildredina Hair Remedy has renewed the growth of hair in cases that were considered absolutely hopeless. A lady from Chicago writes: "After a short trial my hair stopped falling and I now have a lovely head of hair, very heavy and over one and a half yards long."
